Thanks for choosing KMPETSITTING, LLC for your drop-in pet sitting needs in Midland, TX. We can't wait to get to know you and your pet(s) better! If you have any questions or concerns that did not get addressed during the consult, please give us a call!

Here are a few important points to remember when contacting KMPETSITTING, LLC

- ◆ KMPETSITTING, LLC provides drop-in services to most of Midland, TX utilizing time blocks. Sitter will attempt to provide visits as close to the client's preferred time, however, specific visit times can not be guaranteed but will be completed during set time blocks. If Sitter arrives later than set time blocks, an explanation will be provided immediately to the client.
- ◆ KMPETSITTING, LLC's administrative hours are Monday-Friday from 9am—4pm. General inquiries and reservations will be addressed during these hours. (This allows KMPETSITTING, LLC the ability to focus on client visits in the morning and evening, two of our busiest times of the day.)
- ◆ During active pet sitting services, updates from your sitter will take place through Journal Updates in the Precise PetCare software. Non-emergency communications from clients will be addressed during the next scheduled Visit/Journal Update. Emergency communications will be responded to at the sitter's first opportunity. (This allows sitters to focus on clients/visits as well as maintain their personal/professional boundaries.)
- ◆ KMPETSITTING, LLC is unable to share pet sitting responsibilities with other sitters, friends, family or neighbors. Allowing others access to your home during the pet sitting service period will negate KMPETSITTING, LLC's insurance and bonding coverage as it will be impossible to determine responsibility. (This includes the health/safety of your pet(s) and the security of your home/belongings.) *Item #11 in your signed Contract and Legal Considerations*
- ◆ KMPETSITTING, LLC utilizes an online pet sitting app (Precise PetCare) for scheduling services, pet/home details, invoicing and visit updates. Following the new client consult and/or account registration, all calls, texts or emails requesting services will be redirected to the Scheduling function of the software. If you require more software assistance than found in the Client Cheatsheet, please call Kelly at 432.413.0868.

Below you will find the contact information for clients that have volunteered to provide references. If applicable, please leave a voicemail and allow them to call you back if they don't answer immediately.
